**Holiday Hearts: Adopt-a-Family Crisis Nursery**

For the fifth consecutive year, the St. Louis APWA Branch has participated in the Adopt-a-Family program through St. Louis Crisis Nursery (SLCN). SLCN is an independent, not-for-profit agency funded by donations and committed to preventing child abuse and neglect by providing short-term, emergency shelter for children, birth through age 12, whose families are faced with emergencies or who are in crisis. Founded in 1986, the Saint Louis Crisis Nursery has become a cornerstone in the fight against child abuse and neglect. In addition to the direct care of the children, the Crisis Nursery gives ongoing support and follow-up care to families and serves as a child/family advocate within the social services system.

This year, the Branch raised **$3,510** to allow the adoption of two families, consisting of a family of five and a family of four. In these five years, the Branch has raised over $10,000 for this cause. Funds were raised by selling raffle tickets at the May, October and December Branch luncheons. With the funds raised through the generosity of our members, the Branch was able to provide many useful and special gifts for our adopted families including toys (including three bikes, action figures, a basketball hoop, and sporting equipment), clothes (winter coats, boots, jeans, sweat suits, pajamas, and other essentials), household items (pots and pans, sheets, and cleaning supplies), hygiene items, and wrapping paper. Additionally, because of the generosity of the Branch, we were able to donate $500 cash to the Crisis Family Nursery for special needs outside of these two families.

The Branch would like to thank the sponsors who through their generosity made the raffle, and thus the donations to the program, entirely possible:

- Bax Engineering, M3 and CMT – May Raffle Donations
- HR Green, Missouri Petroleum and Tony Russo – October Raffle Donations
- EDSI, EFK Moen (Linda Moen), Vijay Bhassin – Monetary Donations
- December Program Raffle Items:
  - Golf at Meadowbrook CC - Geotechnology (Ed Alizadeh)
  - Two Cardinals Tickets in 2016 in Laclede Gas Box – Tod Fagan
  - Two Cardinals Tickets in 2016 – Burns & McDonnell
  - Robert Quinn Autographed Football – Mike Wild (Burns & McDonnell)
  - Four St. Louis Rams Game Tickets – Crawford Murphy & Tilly
  - Three nights stay - Blue Heron Resort in Orlando, FL - Intuition & Logic (Marc Meyer)
  - $75 gifts cards to Cabela’s and Dicks – Drexel Technologies
  - Craft beer basket – CDI
  - Union Station Framed Print – WSP / Parsons Brinckerhoff
  - Two St. Louis Rams Tickets – CDG Engineers
  - Photograph of St. Louis Arch on Stainless Steel – SCI (Tom Casey)
    - Two Free “Eat Up Buffets” at Hollywood Casino and $50 Spending money – Corrective Asphalt Materials

Finally, thank you to the Public Works Elves who helped to shop for the families after the Christmas program, including Dave Stewart, Bryson Baker, John Keevan, Travis Helmkamp, Kim Streicher, and Jason Dohrmann.
The Leadership and Management credentialing program inspires public works professionals to reach new heights in their careers while providing them with the knowledge, confidence and influence they need to make major decisions and deal with the ever-increasing challenges they face on a day-to-day basis.

DCS transforms individuals and revolutionizes change within communities, and is also the only personalized public works leadership training that connects every candidate to a public works mentor with 20+ years experience in the field.

Earn prestigious credentials, get personalized public works training, and receive the support you need to take the next step towards advancing your career. With the DCS Center, it's easy and affordable!

Level 2: Public Works Manager (PWM)
Level 3: Public Works Executive (PWE)
Level 4: Public Works Leadership Fellow (PWLF)

Meeting Minutes December 10, 2015

Chairman Mike Busch called the meeting to order and led the group in the Pledge of Allegiance. Chairman Mike Busch said the Invocation.

Chairman Mike Busch conducted the meeting as follows:

Announcements / Committee Updates

The Activities Committee is hosting a social immediately following the meeting in the casino at the Rodeo Bar.

Nominating Committee

Anne Lamitola presented the slate of officers for 2016, Wes Searcy made a motion to accept the slate of officers. Gary Scheipeter seconded the motion. A voice vote affirmed the nominations. New officers will be sworn in at the January meeting.

The Chapter recently completed a strategic planning session; looking for new committee members and chairs. We will be updating our committee structure as part of this process at the end of the year and will be having a brief committee kick-off meeting immediately following the January meeting.

The raffle drawing was held for the annual Community Outreach adopt-a-family fundraiser.

Next meeting will be Thursday, Jan. 28, at 11:30, at Orlando’s.

Meeting adjourned.
CALL FOR PRESENTATIONS

Submit to apwamo@gmail.com   Submittals due by January 31, 2016

Individuals wishing to present at the conference are invited to email an abstract on any general interest subject related to the Public Works profession.

Submission Guidelines:
- Submission Deadline: January 31, 2016
- Submit to apwamo@gmail.com
- Please provide the following information for each submission:
  - Name of Conference (2016 Missouri Chapter APWA Spring Conference)
  - Names, e-mails, phone numbers and addresses of the presenters
  - Title of the presentation
  - Brief Abstract—Learning Objectives: All submissions should include a few learning objectives that indicate how the attendees will benefit from the presentation.
  - Expected length of presentation (20, 30, or 50 minutes)

No sales pitches: Direct promotions of products, services, or monetary self-interest are not appropriate education sessions. Conference audiences prefer sessions that present case studies from the user perspective.

Individuals will be notified of acceptance by the planning committee in February 2016. Additional information will be provided following acceptance.

Registration and travel expenses: Speakers are also considered attendees of the event and are responsible for their own travel expenses and the appropriate registration fee.

Speakers that plan to attend only on the day of their presentation will receive a complimentary single day registration.

Evaluation Criteria
All submissions are reviewed and evaluated by a committee of public works professionals representing various public works disciplines. The evaluation process will be based on these criteria:

1. Relevance and Clarity
2. Practical Application
3. Leading-Edge Technologies
4. Overall Balance of Presentations

For questions, please contact Chris Linneman at 314-394-3152 or Colleen Holtmeyer at 314-267-9313.
APWA national membership automatically includes one year of membership in your local Missouri APWA chapter. Click here to learn more about APWA national membership. The Missouri Chapter of the APWA is an association of professional engineers, technicians, operations staff, public works directors, business people, contractors, consultants, and others who join together to exchange ideas and information, promote education and training, and work as a team to meet professional and community needs. The Missouri Chapter’s membership comes from the geographic area of the state of Missouri outside the Kansas City Metropolitan area.

Because the Missouri Chapter covers such a large jurisdiction, the chapter has formed the St. Louis Branch to bring educational and networking opportunities to an even more specific geographic area. The branch operates under the oversight of the Missouri chapter. In order to help support the programs the St. Louis Branch offers in our specific geographic area, the St. Louis Branch has established branch dues. The St. Louis Branch dues are not included with the national chapter membership. All APWA chapters and branches are part of the national association, therefore it is not possible to membership at the branch level only.

The St. Louis Branch delivers valuable, timely and relevant APWA educational, networking, and public service activities near where members work and live. The St. Louis Branch offers members the opportunity to attend educational programs, Click, Listen & Learn audio web conferences, symposiums, monthly branch luncheons, spring and fall conferences and the chance to meet and exchange ideas with public works professionals, colleagues and peers in a professional setting.

The cost for the local membership to the St. Louis Branch of Missouri Chapter APWA is only $10

Two easy ways to renew your St. Louis Branch membership!

Everyone should renew their St. Louis Branch membership online at Renew Membership Online whether you are paying by check or credit card. You may pay by credit card by selecting the PayPal option and clicking on the PayPal logo. You are then given the option to pay with a PayPal account or a credit card.

If you would like to pay by check, a downloadable form is available at Mail-in Membership Renewal Form. Just fill out the renewal form, include your check payable to “St. Louis Branch APWA” and mail them in!

We are always looking to grow our membership, so please encourage others in your organization to join. For more information on joining, please contact:

The Vincent Tallo Service Award is presented by the Missouri Chapter APWA to employees of member organizations, municipalities, or firms who have completed thirty or more years of service to the public with a single organization, municipality or firm.

The Tallo Service Awards are named after Vince Tallo who was a long time employee of Laclede Gas Company, and long time active member of the APWA and strong supporter of public works. Vince worked at Laclede Gas from 1958 to 2001. In the 43 years he worked at Laclede, he held a number of positions throughout his career including the position of Manager of Right of Way. In this position, Vince was the company’s liaison with the 90 municipalities, City, County and State Officials and Highway Departments in the St. Louis Metropolitan area. He was the ultimate professional in his approach on everything he did and worked tirelessly in promoting fellowship with everybody he met.

Vince was an active member in the APWA for over 17 years. He first became a member in 1985 and became the St. Louis Branch Chairman in 1990, was the Missouri Chapter President in 1998 and remained active in the APWA up to his retirement. Vince passed away shortly after his retirement from Laclede in 2002.

Eligibility Requirements:

Nominees must be employees of an APWA member organization, municipality, or firm. Nominee must have served for a minimum of 30 years with the same organization, municipality, or firm. The organization, municipality or firm must be a member of the Missouri Chapter at the time the nomination is made, but does not have to have been a member for the entire 30 year award period.

Selection Criteria:

30 years service with a single member organization, municipality, or firm.

Nomination Process:

Organization, municipality, or firm must send letter nominating eligible employees stating employees name, current position, and term of service to the Chairman or to a member of the Chapter Awards Committee.

Deadline and Award Presentation:

Letters of nomination must be submitted no later than March 18, 2016.

Individuals in the metropolitan St. Louis area will be recognized at the St. Louis Branch Public Works Week luncheon in May, 2016. This event will be held at municipal park in the St. Louis Area (TBD) Others will be recognized at the Spring or Fall Conference, or at an appropriate local event.

For further information, please contact Mr. Vijay Bhasin at bhasinassociates1@hotmail.com

COURSE DESCRIPTION: This 2.5- day live workshop, facilitated by top industry professionals, helps you learn what’s needed for your organization to get the job done safely, on time, and on budget. The course is constructed in modules presented in segments to meet specific needs of the audience. Each student will leave the class with a manual for future reference.

Take your skills to a whole new level with this opportunity to learn about the newest techniques, tips, and technology in the construction inspection industry. Construction Inspection: A Review is packed with the latest information in the construction inspection industry including practical techniques and real-world examples.

COURSE OVERVIEW:

Construction Inspection
• Negotiation and Management of complex projects • Preparation for participation in special inspections
• Enhanced interpretation of drawings and specifications
• Using the right software to organize track quantities, costs
• MSD regulations
• ADA compliance

Contract Administration
• Importance of pre-construction preparation and meetings
• Taking charge of the final close-out process • Identifying different types of contracts
• Documentation and risk mitigation
• Surface Transportation Program (STP) overview

Current Technology
• Soils – drying, modifying, and stabilizing • Geogrids
• Advancements in piping, asphalt, and concrete • Using technology in the field

INCLUDED ITEMS:
• Comprehensive student manual for future reference
• Program materials • Certificate of completion
• ADA updates for construction issues
• Meeting MSD clean water requirements during and after construction
• Possible legal issues during construction
• Half day of hands-on testing lab demonstration
• Lunches and snacks provided on Feb. 3rd and 10th
**Construction Inspection Course: A Review**

**APWA Construction Inspection: A Review**

The American Public Works Association exists to develop and support the people, agencies, and organizations that plan, build, maintain, and improve our communities. Just as communities count on their public works professionals, APWA strives to be the organization those professionals know they can count on.

The Missouri Chapter APWA, established in 1958, engages in the same educational, networking and public service activities as the national organization, but we do so close to home where members can easily take advantage of them. The Missouri Chapter APWA offers members the opportunity to attend educational programs, conferences and equipment shows and the chance to network with their colleagues and peers in a professional setting. Missouri Chapter APWA members represent every discipline in the public works field including public works directors and engineers, contractors, engineering consultants, material and equipment suppliers, public works street superintendents, project managers, storm water professionals and many others.

Missouri Chapter APWA is offering you an opportunity to share in our mission and success. Annual sponsorships for 2015 offer a wide range of opportunities to fit every company’s marketing budget. Your sponsorship promotes and enables the educational mission and goals of the Missouri Chapter APWA. It also can promote relationships with clients, facilitate new relationships with potential clients and strengthen your visibility in the public works industry. Please take a moment to review the following sponsorship information and choose a level the best fits your needs.

Thank you for your consideration of a sponsorship for the Missouri Chapter APWA.

Sincerely,
Missouri Chapter APWA

The St. Louis Branch of Missouri Chapter APWA is accepting applications for the following awards. These awards will be presented at an Awards Recognition Ceremony during a St. Louis Branch of Missouri Chapter APWA monthly luncheon.

**Public Works Project of the Year Award (Less than $250,000/Greater than $250,000)**

The St. Louis Branch of Missouri Chapter APWA Public Works Project of the Year Award was established to promote excellence in the management and administration of public works projects by recognizing the alliance between the managing agency, the consultant/architect/engineer, and the contractor who, working together, complete public works projects.

**Technical Innovation Award & Management Innovation Award**

To recognize an individual, team, or organization for the development, management and implementation of a creative idea, device, process, or system that enhances the goals of public works in serving the public and protecting the environment.

**Service Appreciation Award or Special Recognition Award**

To recognize an eminent government or other public service leader for far-reaching positive impact on local, state or national public works programs, services, or policies through distinguished public service and commitment, this award particularly recognizes leadership in furthering the mission and goals of APWA.

**Click here for more information on the awards!**

The application deadline is April 15, 2016.

Missouri One Call System Damage Prevention Safety Meeting

A MOCS SPONSORED EVENT

Please join us
and other safety organizations to learn more about safe excavation practices and how to deal with challenges as an excavator or member of MOCS.

There will be a discussion on issues that excavators and utilities face in the field. An insurance representative will present a valuable perspective on workplace safety and examine a case study on a trench collapse.

Additionally you will learn about new tools and resources that will help you document and manage your locate requests. We hope to provide you with real and practical solutions to help you become our partner in damage prevention.

Your attendance and input is encouraged!

JANUARY 26, 2016 - ST. LOUIS, MO

Registration begins at 7:30 a.m.
Breakfast served at 8:15 a.m. (provided by MOCS)
Presentation 9:00am - 10:00 am

Royale Orleans Banquet Center
2801 Telegraph Road
St. Louis, MO 63125

New Missouri Chapter LinkedIn Account

The Missouri Chapter APWA has created a new LinkedIn account called APWA Missouri Chapter.

Click here to join the account

There are two subgroups, St. Louis Branch and Young Professionals Committee, within the account.

LinkedIn is used for business and business people. LinkedIn allows you to stay connected with other members of Missouri Chapter APWA. LinkedIn is your online resume which showcases your abilities and recommendations.

Benefits of LinkedIn

Expand your network significantly and create more work opportunities by joining groups and discussions on various topics that you are interested in.
Showcase your work experience, but more important, your work achievements and recommendations from your work colleagues and clients.
Let other companies headhunt, and contact you, faster and more accurately.
Find out where your friends work or who works at a better company and get directly introduced by one of your network contacts.

PWX EXPO

With more than 100 years of annual meetings to its credit, the American Public Works Association has hosted its last “Congress & Exposition.” Now the association's annual meeting will be known as PWX. Recognizing monumental changes in the makeup of the workforce in the last decade, APWA is launching PWX, the new brand name for the APWA International Public Works Congress and Exposition.

The Missouri Chapter APWA appreciates the generosity of our sponsors in helping support the educational opportunities made possible to our members.

JOB TITLE: Mechanic/Maintenance I Worker, Public Works
SALARY RANGE: Min. $36,344; Max. $52,284 (Grade 7)
SUPERVISOR(S): Operations Superintendent, Foreman I & II

The City of Creve Coeur, Missouri seeks an experienced Mechanic/Maintenance Worker I to perform maintenance and repairs on city vehicles and equipment for the Public Works Department. The Mechanic/Maintenance Worker I maintains the fleet database with preventative maintenance and repair records for all vehicles and equipment. This position is responsible for fabricating repair parts including welding, if necessary, and will assist with streets and park work as needed.

ESSENTIAL FUNCTIONS
Systematically performs preventative maintenance on city vehicles and equipment. Performs annual service and prepares equipment for seasonal use in advance of each season. (30%)

Able to utilize diagnostic equipment to determine which repairs are necessary on vehicles. Specifically diagnose diesel engine and emission issues, repair, and reset codes for proper function. Diagnose and repair electrical systems on vehicles, trucks, equipment and install lighting as needed. (20%)

Repair to trucks and equipment may include welding metal patches, or fabricating new parts from stock steel. Repair/replace hydraulic pumps and motors for smooth operation on equipment. Rebuild engines, motors and pumps as necessary. (10%)

Data entry and maintenance of Fleet Maintenance program. Enters all Preventative Maintenance and repairs into data base to track maintenance costs, vehicle/equipment downtime, and reoccurring repairs. (10%)

Assists Streets and Parks staff with typical street and park maintenance on an as needed basis. (10%)

Possesses elevated or special skills which are beneficial to the department. Shares knowledge with others. (5%)

Demonstrates a commitment to his/her public duty and presents oneself as a credible and knowledgeable representative of the city to maintain public trust by following the principals of “Our Commitments to Character-Driven Professionalism”; builds and maintains positive relationships while serving all internal and external customers using effective communication and teambuilding skills; seeks to actively listen and provides prompt assistance to others; equally treats others with dignity and respect; problem-solves; accepts responsibility for self and work product. (15%)

MINIMUM REQUIREMENTS:
Graduation from high school or equivalent required. Must have a minimum two years of equivalent or related experience as mechanic. Master ASE Certifications, State inspection license, DOT Brake Certified Commercial driver license (Class B) without air brake restrictions are required. Must be able to establish and maintain effective working relationships with others. Can effectively organize and prioritize work. Able to work independently. Communicates effectively with city personnel and the general public. Successful candidate shall display a positive attitude in an effort to provide a healthy working environment for all. Can follow both oral and written instructions. Uses information to solve problems and make effective decisions. Able to learn proper use of new software, diagnostic equipment and other tools as necessary. Able to lift, carry and handle up to 100 pounds. Able to walk up to two miles a day. Has strength and manual dexterity to operate various hand and power tools. Able to stoop, bend, climb and crawl as needed to adequately maintain equipment and facilities. Must be able to work in a variety of temperature and weather conditions both indoors and outdoors as needed. Employee shall make every effort to be present to complete assigned tasks in a timely manner barring use of vacation, sick leave, etc., per city policy.

TO APPLY:
Send a completed application and letter of interest to Andrea Muskopf, Human Resources Assistant, City of Creve Coeur, 300 N. New Ballas Road, Creve Coeur, MO 63141 or via email to amuskopf@ci.creve-coeur.mo.us. Applications can be completed online at www.creve-coeur.org and are also available at the Creve Coeur Government Center (300 N. New Ballas Rd.). Initial review of applications begins Monday, December 28, 2015. Position will remain open until filled. EOE
Employment Opportunities Cont.

Assistant City Engineer—City of O’Fallon

The City of O’Fallon, MO is currently hiring for an Assistant City Engineer (Capital Improvement Program)-- (starting salary range is $69,180.80-$84,281.60 DOQ/E + excellent benefits). This position will be responsible for the Capital Improvement Program.

The ideal candidate will have a Bachelor’s degree in Civil Engineering (or a related field); six years’ experience with progressive responsibility preferably in a municipal setting or in the field of public works (with 1-3 years in a supervisory capacity); and certification as a Professional Engineer or the ability to obtain PE in six months.

Construction Inspector—City of O’Fallon

The City of O’Fallon, MO is currently hiring for a Construction Inspector (starting salary range is $46,592.00-$50,190.40 DOQ/E + excellent benefits). This position is responsible for inspecting construction projects to ensure compliance with relevant codes and standards.

The ideal candidate will have knowledge and level of competency commonly associated with completion of specialized training in the field of work, in addition to basic skills typically associated with a high school education; one – two years’ experience; and possession of or ability to readily obtain the appropriate state certification for the type of inspection(s) conducted.

The City of O’Fallon, Missouri is a dynamic community known for its family-friendliness, excellent public schools, safe neighborhoods with quality housing, vibrant businesses, responsive municipal government, and numerous recreational amenities, all of which contribute to a high quality of life. It is the largest community in St. Charles County, and the second largest in the St. Louis metropolitan area – behind only the City of St. Louis. The City operates under a Home Rule Charter with a Mayor – City Administrator – Council form of government. It is a full-service city with an $88M annual budget and over 400 full- and 250 part-time employees. Over the past several years, it has been consistently named as one of the “Best Places to Live” by Money magazine and as one of the “Safest Cities in America” by CQ Press.

See our website for a full position description.

**Maintenance Worker I—City of Crestwood**

The City of Crestwood Public Works Department is seeking qualified applicants for the position of Maintenance Worker I. This position is responsible for the maintenance of City streets, parks, right of ways, and other City owned properties. The qualified applicant will have a minimum of a high school diploma or equivalent. Knowledge of concrete, asphalt, equipment/truck operations, snow removal procedures, landscaping/forestry, construction, etc., is preferred. Must possess or be able to obtain a Class “B” CDL within 3 months of employment.

For a detailed job description and application, please visit the City of Crestwood website at: [www.cityofcrestwood.org](http://www.cityofcrestwood.org). Applications can be mailed or submitted online. Mail or hand deliver completed applications to: City of Crestwood, #1 Detjen Dr., 63126. Applications will be accepted until 3:30 PM on December 30, 2015. The City of Crestwood is an equal opportunity employer. If you have further questions, please contact Brian Hibdon, Superintendent of Maintenance at (314)729-4730 between the hours of 7:00 AM – 3:30 PM.

**Maintenance Worker I—City of Fenton**

Responsible for performing semi-skilled maintenance and construction of City infrastructure, recreational facilities, park grounds, buildings, vehicles, equipment, and related items. Assists skilled Maintenance Workers in infrastructure repairs, replacement of concrete, asphalt, storm line and drainage systems, signage, and traffic signals and markings. Receives daily functional supervision from skilled Maintenance Workers; receives administrative supervision from Director of Public Works and/or Designee.

Please visit [www.fentonmo.org](http://www.fentonmo.org) for more information.

**Public Works Director—City of Sedalia**

The City of Sedalia will be accepting applications for a full time position of Public Works Director. This position is responsible for directing all public works operations, including street maintenance, solid waste, recycling, wastewater treatment, and storm/serwer maintenance. All applicants for the position must have the following: Bachelor’s degree in public administration, business management, engineering or related field from an accredited college, 5 years of progressive managerial experience in public works, utilities, engineering or any combination thereof, knowledge of municipal government accounting practices and planning required, Missouri driver’s license, and successfully complete a pre-employment drug screen. A complete job description is available online at [www.cityofsedalia.com/jobs](http://www.cityofsedalia.com/jobs).

The city has a wide range of benefits available to all employees including availability to health insurance, dental, vision, life and retirement benefits.

All applications for the position must be received by 5:00 p.m. on Thursday, December 31, 2015. Resumes, proof of education, certifications, etc. should be submitted to the Personnel Office, City of Sedalia, 200 S. Osage Ave, Sedalia MO 65301. Additional information can be obtained by emailing jrice@cityofsedalia.com or calling the Personnel Office at (660) 827-3000.
From 2010 to 2012, there were nearly 21,000 fatal crashes occurring at or related to intersections across the United States. Of those, more than 15,000—more than 70 percent—occurred at intersections that are not under the control of a traffic signal. The majority of these unsignalized intersections are owned and operated by local agencies, many of which do not have professional traffic engineers on staff. This *Unsignalized Intersection Improvement Guide (UIIG)* has been developed to assist practitioners at such agencies in selecting design, operational, maintenance, enforcement, and other types of treatments to improve safety, mobility, and accessibility at unsignalized intersections. Originally produced under Project No. 03-104 of the National Cooperative Highway Research Program, the web-based UIIG is now hosted by the Institute of Transportation Engineers (ITE) under the sponsorship of the Federal Highway Administration (FHWA) Office of Safety.

**Using the UIIG**

The purpose of the UIIG is to assist and guide users through the process of evaluating their unsignalized intersections and identifying opportunities to enhance their safety and operational performance. The contents of the UIIG are presented under two sections—*Information* and *Toolkit*. The *Information* section provides important background material related to the types, users, common problems and treatments, and general considerations associated with unsignalized intersections. The *Toolkit* provides a number of resources to assist the user in (1) collecting data on the existing conditions and characteristics of the intersection and (2) identifying potential treatments that may improve the safety and mobility at the intersection. These tools include a sample citizen input form, a Microsoft Excel-based unsignalized intersection assessment and inventory form, and an unsignalized intersection treatment selection tool.

It is recommended that first-time users of the UIIG review the material in the Information section to familiarize themselves with basic principles and issues concerning unsignalized intersections. Special attention should be given to the *Improvement Process*, which outlines a series of steps for identifying and addressing problem locations. The *Treatment Selection Tool* can then be used to identify alternative treatments that may address these problem locations individually or systemically across a jurisdiction. The UIIG contains hyperlinks to many external resources that can provide a wealth of information related to the safety, mobility, and accessibility at unsignalized intersections. Users are advised that they should review these resources (and others that become available) and consult the expertise of a licensed Professional Engineer when considering any substantive changes to their transportation network.

ITE is now hosting the UIIG website at [www.ite.org/uiig](http://www.ite.org/uiig).
APWA’s Awards Program recognizes individuals, groups and chapters for their outstanding contributions to the profession of public works. Some of the awards presented include Professional Manager of the Year Awards, Young Leader, Public Works Project of the Year, and Top Ten Public Works Leader of the Year, to name just a few.

Each award is listed on the APWA website. Criteria and nomination forms for the 2016 Awards Program are now available online.

NOMINATE YOUR AWARD-WINNER TODAY!

NOMINATIONS ARE DUE MARCH 1, 2016

Visit www.apwa.net/awards
APWA’s National Awards Program was established to recognize outstanding individuals, groups, and chapters representing the best in the public works profession. For the past seven years in a row, the Missouri Chapter APWA has received the Presidential Award for Chapter Excellence (PACE). This award recognizes APWA chapters for contributions made to positively impact their membership, profession and community. Chapters are evaluated based on their membership, service to chapter members, advancement of public works and sustainability and service to community.

The Missouri Chapter APWA is one of the premier chapters in the association. This award demonstrates the high quality of our public works leaders in the area.

In addition to meeting the criteria listed above, to be eligible a chapter that has more than 500 members must also nominate at least one individual for the Top Ten Public Works Leader of the Year Award and nominate at least one individual/group/project for any three other national APWA awards.

The Missouri Chapter APWA is looking for submittals for the Public Works Project of the Year Award. The APWA Public Works Project of the Year Award was established to promote excellence in the management and administration of public works projects by recognizing the alliance between the managing agency, the consultant/architect/engineer, and the contractor who, working together, complete public works projects.

Awards are given in four divisions:
1. Projects less than $5 million
2. Projects of $5 million, but less than $25 million
3. Projects of $25 million to $75 million
4. Projects more than $75 million

and five categories:
1. Structures—to include public structure preservation/rehabilitation, municipal buildings, parks, etc.
2. Transportation—to include roads, bridges, mass transit, etc.
3. Environment—to include treatment and recycling facilities, landfill reclamation projects, sewer projects, etc.
4. Historical Restoration/Preservation—to include historical restoration, preservation and adaptive reuse of existing buildings, structures, and facilities, etc.
5. Disaster or Emergency Construction/Repair—to include the techniques and timing for safety, community relations, environmental protection, adverse conditions and additional considerations.

Click here for the award criteria

Please contact Mr. Eric Landwehr, Missouri Chapter Past President, at elandwehr@colecounty.org if you would like to submit a project for the award.
Integrating Equity into Bicycle and Pedestrian Planning
